To whom it may concern:

It is with great pleasure that I write this letter of recommendation for Roxanne Usleman.

I met Ms. Usleman about 12 years ago when I was searching for better clarity and understanding about my life's choices. Although she was highly recommended by a colleague, I came to the session with a skeptical attitude. This turned around almost instantly. True to my colleague's words, Ms. Usleman proved to be an extraordinary seer and genuine adept. She was pinpoint accurate. This person, whom I had just met, knew more about me than did my most intimate friends. I was literally in awe, and left the reading with a great understanding of my life, including the reasons for various obstacles and opportunities. This enabled me to make better choices, attracting more abundance in health, finances and relationships. Naturally, over the years, I have often utilized her services.

Ms. Usleman is a vital gift to the world. Her spirit is clean, and her work deserves international attention. As a true seeker of continuous knowledge, she is filled with wisdom far beyond her years. So much can be gained from her in the areas of business, world affairs and personal growth. She has proven time and time again to be the most accurate predictor of events that I have ever met. Yet beyond this, she is a deeply committed, caring and compassionate person, with an uncompromising mission to help humankind.

Sincerely,

A handwritten signature in cursive script that reads 'Peter M. Rogine'.

Professor Peter M. Rogine,
Department of Music
Five Towns College
